ARE YOU WORRIED ABOUT YOUR \$100 ALLOWANCE?

You are allowed to take back as much as you wish. You are only required to pay duty on what you declare over your \$100 duty-free allowance. Here's a sample of duty charges on various articles:

CULTURED PEARLS (loose or temporarily strung) 5%
CHINA, BONE
CLOCKS (costing over \$10) 32.5%
LEATHER HANDBAGS 20%
LEATHER GOODS 8.5 to 17.5%
DIAMONDS (cut but not set)
Not over ½ carat 8%
Not over ½ carat 10%

PERFUME (about 18¾%) 16c + 15%
WOOD CARVINGS 16¾%
TYPEWRITERS FREE
JEWELRY, GOLD 24%
STERLING FLATWARE & ceach + 17½%

Above are just a few examples of how low duty is on some of the most popular items tourists buy in our stores. Take cameras, for Instance. Suppose you've bought merchandise to your full allowance of \$100 free of duty and you wish to buy a camera retailing for \$120 in Aruba. Your first saving is the fact prices here can average of% less than in the U.S. Even with duty, you can still buy that camera at a great saving. Official duty on cameras is 15% on the wholesale value. The retail price of \$120 less 40% gives you the wholesale base rate of \$72 for your camera; and 15% duty on \$72 is only \$10.80. Your camera really cost only \$130.30. Your saving is considerable, even with duty. The same cames sells in New York City for \$199.95 (plus 5% city sales lext).

TOURING ARUBA

Aruba has many treasures that are well worth ex-

The island's greatest attraction is the PALM BEACH and EAGLE BEACH, which are amoung the world's finest. The pure white sand stretches for several miles along the leeward coast, and slopes gently into the water. There is excellent opportunity for waterskiing, sailing, and swimming.

FISHING has a variety of forms, and any one of the different types offers the enthusiast a challenge. Skin diving and spearfishing are well worth the effort here, as the rocks, reefs and wrecks of some sunken ships abound in fascinating fish. There is also good deep see fishing.

The capital of Aruba is ORANJESTAO, its architecture is typically Caribbean-Dutch with some Spanish influence, while the colors of the buildings are typically of the Caribbean, Oranjestad's shopping center tempts the tourist with merchandise from all corners of the world. You will find Swiss watches ,cameras, perfumes, cashmere sweaters, silk, character dolls, Dutch tile, Delft blue, binoculars, liquors and liqueurs, woollen and other fabrics, precious stones, porcelain miniatures, straw no-

velties, carved ivory from the Orient, crystal, beaded and petit point bags, Indonesian and Chinese wood carvings, leather goods, gold and silverware, etc. Thanks to the extremely low import duties, the prices are often less than half of what they are in the U.S.A. Store owners also can pass ou pargains to visitors because there are no sale or luxury taxes in Aruba.

The SCHOONER HARBOUR of Oranjestad is one of color and excitement; boats from many Caribbean countries are docked all along the quay. Open stalls provide

A little further along the schooner harbour is the fish market, where you may purchase a large variety of fish, Big ocean liners and passenger-ships can moor and bunker at Oranjestad's harbour.

In the well-kept WILHELMINA PARK, named after the late Queen Wilhelmina of the Netherlands found on the seaside of Oranjestad, there is a beautiful sculptured statue of the Queen Mother, surrounded by bright colorful flowers and plants.

The American colony, SEROE COLORADO, where, most Americans live, is situated at the eastern end of the island.

The climate of Aruba is considered to be one of the finest in the Caribbean. Rainfall is scant, and the days are always cooled by the copious flow of air from the northeast tradewind. Thriving in this dry climate are the strangely shaped DIV-DIVI TREES, that point forever downwind; the ALOE plant, which is being developed for medicinal purposes; and the cactus, which is used for fences. Arubans cherish flowers, and most homes are surrounded by bright Bougainvillea, Oleanders, Flamboyant, Hybiscus, and other tropical plants.

Aruba's most outstanding landmark is HOOIBERG or "HAYSTACK", and for those interested, there are steps for climbing to the top of this hill.

Attractive hidden coves on the north side of the island offer a perfect setting for picnics. For those who

Two of the most intriguing and accessible coves are ANDICOURI and DOS PLAYA, where towering rocky arms reach into the sea and the constant dashing of waves presents a varied and awesome backdrop for the pleasant sand beaches of the coves

A most interesting NATURAL BRIDGE on the north coast, carved out of solid coral rock by the relentless surf, is a startling example of nature's architecture, and a "must" for every visitor.

The CUNUCU, which in Papiamento means "countryside" is dotted with brightly colored Aruban houses. Rocks of many different shapes are scattered over the island. Probably the most impressive ones are found at AYO and CASIBARI, where nature piled tremendous boulders of diorite weighing thousands of tons on top the other. At AYO you may wander around and under these massive boulders via twisting passageways. THE DRAGON's MOUTH at CASIBARI is a curious rock formation and a favorite spot for photographers.

Anyone interested in Idian culture will be fascinated by the ancient Indian drawings on the walls and ceilings of the caves of FONTEIN and CANASHITO, and on the rocks of ARIKOK and AYO.

THE PIRATE'S CASTLE AT BUSHIRIBANA stands on a cliff on Aruba's windward coast. It is really the ruins of an old gold mill, a relic of Aruba's first industry.

Another gold mill is located at BALASHI. SPANISH LAGOON got its name from the buccaneers who used to put in to repair their ships in its shelter.

It is known for its scenic and peaceful surroundings.

En la misma acera nos queda la JOYERIA DE LEJ BERLINSKI, donde él, personalmente o su esposa o una de sus bien entrenadas empleadas nos atenderán con amable solicitud. Aquí se ofrecen joyas de oro con piedras preciosas y semipreciosas; juegos en filigrana o en modernos diseños de platino u oro de 18K.; perlas cultivadas; relojes suizos de bien reputadas marcas, destacándose entre ellos los mundialmente famosos relojes Girard Perregaux. Leo Berlinski tiene en existencia cubiertos en plata pura, platinados o de acero inoxidable; vajillas de fina porcelana y de céramica; cristalería de Francia, Finlandia, Suecia e Inglaterra, así como figurillas, artículos de madera de teca y preciosas carteras bordadas en petit point o en mostacilla; todos en gran variedad de diseños y a precios adecuados al presupuesto del cliente.

Frente a LEO BERLINSKI nos queda la ARUBA TRADING COMPANY, con su anexo PHOTO EL GLOBO. En esta tienda, la fama de la cortesía de sus empleados corre pareja con la fama de los artículos de primera calidad que ofrece. Las damas encontrarán aquí una enorme variedad de cosméticos y perfumes de las más famosas casas francesas y americanas, así como la más fina lence-

ría, ropa de niños y regalos. No se olvide de solicitar los artículos de tocador para caballeros que Ud. prefiera; licores y cigarrillos. Sin ningún costo adicional la ARUBA TRADING le enviará a su avión o vapor los licores o cigarrillos libres de impuesto que Ud. haya comprado. Capítulo aparte merece PHOTO EL GLOBO, dividida en dos departamentos. En el primero encontrarán los caballeros desde calzado hasta sombreros y trajes para todas las ocasiones; todo de bien reputadas marcas. El segundo se especializá en cámaras y equipo fotográfico, grabadores de cinta magnetofónica, telescopios, radios y televisores en miniatura- de lo más pequeño hasta lo más grande y técnico en esta línea lo podrá Ud. encontrar en PHOTO EL GLOBO.

Un poquitito más adelante y en la misma acera está la BOTICA DEL PUEBLO, su dirección para artículos medicinales, de tocador, chocolates suizos, holandeses e ingleses.

Al salir de la BOTICA DEL PUEBLO, atraerán su atención las alegres notas de un carillón; se trata del carillón de SPRITZER AND FUHRMANN, esa famosa joyería de la que ya habrá oído hablar si ha visitado N. York, Curazao, Bonaire, o San Martín. Es difícil rehuír la atracción de sus vitrinas decoradas con primoroso cuido y delicado gusto, pero adentro nos esperan más maravillas y el alivio del aire acondicionado. Es deslumbrante su exclusiva colección de joyas en diamantes y oro y al decir exclusivas, quiero decir únicas en el continente ya que SPRITZER AND FUHRMANN, siguiendo la antigua tradición de las mejores joyerías del mundo, posee sus propios orfebres y diseñadores; verdaderos artistas cuyas exquisitas joyas por repetidas veces han merecido galardones en los concursos internacionales. Aquí encontramos los más finos relojes, tales como Patek Philippe y Piaget, amén de una extensa colección de novedosos relojes suizos a precios muy convenientes. A la chica que le dedique su

especial atención pídale ver las carteras de noche un verdadero primor del arte manual francés, asi como también los objetos de arte, cristalería, plata y porcelana de las más famosas casas de Europa que allí se venden. Como detalle adicional quiero decirles que las garantias de SPRITZER AND FUHRMANN son honrados en su tienda de Nueva York, cita en la 5 East 57th Street.

Para un regalito típico, hecho en el país; para aquella cómoda cartera de paja o linda curiosidad que atraerá la atención a su regreso y que Ud. se complacerá en presentar con las palabras 'un recuerdo de Aruba', nada como una visita a la CASA DEL MIMBRE, frente a "Spritzer and Fuhrmann". Tambien para aquél sombrerito de paja que tanta falta le hará para recorrer las calles de nuestra isla y que será algo así como el distintivo de su condición de turista. Si el hábito hace al monie, al turista lo hace su alegre sombrerito de la CASA DEL MIMBRE.

Bien cobijados bajo nuestro sombrero, desviémonos ahora un poquitín de la Nassaustraat para hacerle una visita a la JOYERIA Y RELOJERIA RODANIA. Su dueña nos atenderá personalmente con ese don de gentes que la caracteriza; ella misma, probablemente, nos dirá de las cinco casas de relojería suizas que representa con exclusividad, haciéndonos admirar las joyas auténticas italianas y las fantasías alemanas que exhibe en sus vitrinas; llaman la atención sus joyas de oro macizo y esmeraldas de Colombia.

A dos pasos de Rodania v otro vez en la calle principal nos queda el PALAIS ORIENTAL. Todos los esplendores del Oriente se despliegan ante nosotros en esta tienda sin igual. Esculturas de marfil; incrustaciones de madreperla en aromáticas maderas de la India; tallas primitivas de Haiti y de Africa; saris y chales de pura seda en los más exquisitos colores, bordados en oro y plata; cofres de madera de alcanfor llegados desde Hong Kong; joyas orientales de las más raras piedras preciosas; perfumes de sándalo, de rosas, de jazmines; todos los aromas del mundo en frasquitos con rótulos de Christian Dior. ponen una pausa refrescante y estamos a dos pasos de ella: el bar con aire acondicionado del HOTEL NASSAU. aguí podremos saciar nuestra sed saboreando una rubia espumosa cerveza Heinelean. Mientras saboreamos nuestras respectivas bebidas va a dar la conversación en las oportunidades de diversión que ofrece la isla. Se había de deportes acuáticos, de pesca, natación, water skinig y naturalmente de J.E.P. CABENDA, una tienda que nos suministra todo lo necesario para deportes. Las oportunidades de practicarlos son muchas, ya que la isla, con su magnifico clima, hermosas playas y gran abundancia de peces es un verdadero paraiso para los aficionados a estos deportes.

Los aficionados al sip y el dip (un traguito y una zambullida) tienen un sitio ideal en la piscina y el bar del HOTEL STRAND, ventajosamente localizado cerca de la ciudad. También para una noche alegre, bailando a los compases de un combo, tiene el HOTEL STRAND un artistico bar-restorán decorado con pinturas modernas de un conocido artista local.

Para un Chow (comida) chino, visite el HONG KONG RESTAURANT & BAR, completamente aire acondicionado. No pida algo corriente, pida un plato extraordinario, diga: Déme un Mu Ku Kai Pán y ejecite su lengua y su paladar.

Si su apetito le pide pastas, dirijase en taxi hasta el BSI, RUTI HOTEL especializado en platos italianos. Si quiere disfrutar del paisaje marino dirijase al TROCA-DERO y ordene un plato a base de mariscos, que son la especialidad de este restorán.

Pero la hora avanza y hemos de proseguir con nuestras compras.

Muy cerca del WIMCO se impone una pequeña reorganización del grupo, ya que los caballeros no querrán perderse una visita a LA VENEZOLANA, de reputada fama por sus artículos finos para caballeros. Las damas, por su parte no quieren perder la oportunidad de visitar al MAGGY'S BEAUTY SALON, salón de beleza donde Maggy no sólo les hará el último modelo en peinado, sino que también les dará su autorizado consejo para la belleza y cuido de su pelo y de su cara. Concertamos pues, encontrarnos todos en la STUYVESANT ART SHOP única tienda de Aruba decidades da exclusivamente a la venta de cuadros y antietidedes.

Para cerrar con broche de oro nuestra jira de compros les sugiero ahora un visit al Salón Madrid del hotel THE CACTUS INN, donda disfrutarán de una comida deliciosa precedida de un bien ganado aperitivo y un ameno rato en su famoso bar LA CUEVA.

Llegada la hora de las despedidas sólo me queda decirles: !Hasta pronto, amigos! !Que hayan disfrutado de nuestra jira de compras!

Conozca a Aruba

Durante su permanencia en Aruba, y a fin de conocer mejor nuestra isla Ud. puede contratar los servicios de un taxi, visitar los puntos de interés en una excursión de turismo o alquilar un automóvil y conducirio Ud. mismo. Para esto ditimo, Ud. puede adquirir una licencia temporal presentando su licencia válida expedida en su país de origen.

Aruba tiene muchos lugares de interés que son dignos de ser visitados. Entre ellos se encuentran las playas de PALM BEACH e EAGLE BEACH que pueden contarse entre las más bellas del mundo. La blanca arena se extende por varias millas a lo largo de la costa y declina suavemente hacia las turquesas aguas del Caribe ofreiendo, en su mansedumbre, una excelente oportunidad para esquiar sobre el agua, navegar y nadar. En el mar que circunda nuestra isla pululan una extensa variedad de peces, haciéndolo propicio para los diferentes tipos de pesca.

La capital de Aruba es ORANJESTAD, con una arquitectura tipicamente holandesa con alguna influencia española. Los edificios están pintados en los brillantes colores característicos del ámbito del Caribe. Grandes trasatlánticos, cargados de pasajeros y de mercancias atracan regularmente en su puerto. Es excitante pasearse en los dias de gran tráfico martimo por los espaciosos muelles. La imaginación vuela tras los nombres de lejanas tierras impresos en las balas de mercancias. Yokohama, Hong Kong, Italia o Noruega se nos antojan mensajes de amigos lejanos.

Las mercancias traídas de los más distantes rincones del mundo hacen que el centro de Oranjestad constituya una verdadera tentación para el turista. Relojes suizos, cámaras, perfumes, sweters de Cachemira, sedas, azulejos holandeses, loza fina, binoculares, licores, lanas y otros tejidos, piedras preciosas, miniaturas de porcelana, novedades tejidas en paja, esculturas de marfin del Oriente, cristaleria, tallados en madera de Indonesia y China, artículos de cuero, vajillas de plata, oro, etc., son artículos que, gracias a los bajos impuestos de importación se pueden comprar aquí a precios muy ventajosos.

Una atracción turística es la caleta de Oranjestad donde están anclados innúmeros barquichuelos procedentes de diversos lugares del Caribe, Allí se encuentra el bullicio-so mercado donde en puestos amplios y soleados, despliegan los barqueros sus tentadoras mercancias. Lienos de colorido son los puestos de frutas, legumbres, y hortalizas. En este mercado al aire libre los compradores son tan pintorescos como las frutas que allí se venden. Los oídos se nos llenan con la confusa sinfonía de diversos lenguajes.

Junto al mar muy cerca del puerto, está el bien cuidado PARQUE WILHELMINA, así llamado en honor de la reina madre Guillermina de Holanda. En el centro de la plaza, rodeada de flores y de umbrosas alamedas está una hermosa estatua de la recordada reina.

El clima de Aruba está considerado entre los mejores del Caribe. La lluvia es escasa y los días son frescos por el contínuo fluir de los vientos Alisios. En este clima

seco medra el DIVI DIVI, un árbol que, azotado por el contínuo batir del viento crece en las más extrañas formas, siguiendo siempre la dirección del viento. Para fines industriales se cultiva el áloe, planta liliácea de la cual se extrae un jugo muy amargo usado en medicina. En el campo crecen los cactos; las casas típicas arubanas tienen una pintoresca cerca de cactos. A los arubanos les encantan las flores y se esmeran en cultivarlas. La mayoría de los hogares están rodeados de buganvillas, adelfas, flambovanes e hibiscos.

Un distintivo del paisaje arubano es el HOOIBERG (Colina Almiar); para el que desee escalarla hay una escalera que conduce hasta la misma cima.

Al norte de la isla hav bien abrigadas ensenadas que ofrecen sitios ideales para excursiones campestres. Para aquellos a quienes les gusta nadar en un fuerte oleaje este lado de la isla es perfecto. Dos de las más curiosas ensenadas son ANDICURI y DOS PLAYAS; peñascos imponentes se internan en el mar desafiando el embate de las olas que van a estrellarse contra ellos con estentóreo ruido, formando así un violento contraste con las apacibles arenas de la ensenada

Sumamente interesante es el PUENTE NATURAL obra arquitectónica de la naturaleza, socavada en la dura roca por la incesante embestida del mar; no deje de visitarlo así como también a BOCA DRUIF, que es una gruta junto a las dunas de BOCA PRINS.

El CUNUCU, que quiere decir campo en papiamento, está punteado por casitas de vivos colores y por impresionantes formaciones rocosas. Las más imponentes se encuentran en AYO y CASIBARI donde la naturaleza acumuló una sobre otra tremendas masas de granito de miles de toneladas de peso. En AYO Ud. puede explorarlas internándose por intrincados laberintos. En CASIBARI está la BOCA DEL DRAGON, que es una curiosa formación, favorita de los fotógrafos.

Los que estén interesados en la cultura autóctona, encontrarán antiguos dibujos indígenas en las paredes de las cavernas de FONTEIN y de CANASHITO, y en las rocas de ARIKOK y AYO.

Los espeleólogos hallarán un reto en las grutas de QUADARIKIRI y HULIBA.

Otro sitio de interés es la iglesia y el cementerio de SANTA ANA. La iglesia tiene un magnifico y centenario altar gótico de roble, tallado a mano.

También el CASTILLO DE LOS PIRATAS en BU-SHIBANA, montado sobre un promontorio, frente a la costa de barlovento. Las ruinas de este "castillo" son realidad las ruinas de una vieja mina de oro, reliquia de lo que fuera la primera industria de Aruba. En BALASHI están las ruinas de otra mina de oro.

La LAGUNA ESPAÑOLA recibió ese nombre por que allí reparaban sus buques los bucaneros españoles. El sitio es conocido hoy por su hermoso y apacible panorama.

TIPS ON U.S. CUSTOMS REGULATIONS

The U.S. Customs Regulations allow that:

Each returning resident may take back free of duty and tax, articles totaling \$ 100.— providing the stay abroad has exceeded 48 hours and that the \$ 100.— exemption or any part of it has not been used within the preceding 30 days. (The \$ 100.— is based on the fair retail value of the items in the country obtained).

- 1. There is no limit to the number of articles you can take back, as long as you pay duty on the amount in excess of the \$ 100.— The duty on purchases in excess of \$ 100.— is levied on the WHOLESALE PRICE of the item IN THE COUNTRY OBTAINED (the customs officer generally subtracts 40% of your retail cost to arrive at the wholesale value).
- SAVE MONEY by using your \$ 100.— exemption for the high duty items. Pay duty on the low duty items
- WEAR AND TEAR on items purchased during your trip and used during the trip, such as clothing, camaras, binoculars, watches, will be considered by the

- customs authorities. When declaring these items, mention hat they have been used on the trip and the customs officer will make an appropriate reduction for wear and/or use on the value of the item and on the subsequent duty.
- 4. GIFTS.... In addition to the \$ 100 exemption, each traveller can mail an UNLIMITED NUMBER of gifts valued up to \$ 10 each, to friends and relatives back home, provided the addressee does not receive in a single day gift parcels exceeding the \$ 10 limi'ation. NO declaration is required, and No tax is levied. Gifts of liquor and tobacco are not permitted in this privilege, but permitted is perfume, valued at less than one dollar.
- DUTY-FREE LIQUOR may total one quart per person over 21.
- You are not allowed to take back merchandise originating in COMMUNIST CHINA, NORTH KOREA. NORTH VIETNAM and CUBA!
- Go through U.S. Customs SMOOTHLY by filling out your declaration carefully, keeping your dutiable items together and your sales slips handy.

Remember that you are allowed to take back as much merchandise as you want. All you have to do is to pay duty on what you declare over your \$ 100.— duty free allowance, and even after duty has been paid upon arrival in the U.S.A., purchases made in Aruba, at free-port prices are still GOOD BUYS.
